

Regional Maps

The following maps are grouped by region, and show Commonwealth-operated facilities in each of Massachusetts' 351 municipalities. Please see Appendix III for a listing of the regional area assigned to each municipality.

Legend:

Each point represents a Commonwealth-owned facility or site. Some facilities are major complexes such as Hospitals, Colleges, or Courts with many buildings. Other facilities may be a park with information centers or a Massachusetts Highway Depot. Some sites such as Conservation Land or Agricultural Restrictions represent land only. Each site is identified by an ID number and is color coded according to Executive Office. The Agency managing the property and the Facility Name are indicated.

Sources:

These maps are generated from the MAssets system of state-owned land parcels and utilize the municipal boundaries provided by Massachusetts Geographic Information Systems (MassGIS). Background roads are from EOTC.

Map Regions

Barnstable:	East, West	Middlesex:	East Central, North, South, West Central
